**Just wanted to thank you for your awesome service. We have a guy that needs to be in Phoenix by Thursday and his trailer landing gear shaft broke. Thanks to Terry and your mobile repair unit we are up and running and our customer will be very happy as we will be on time now.**

**We will be using you quite often as our trailers have frozen brake issues a lot at this time of year. We also need to paint a few of our tractors orange and I will try my best to get them to you. Terry also told me you do DOT inspections among lots of other things.**

**Looking forward to using you in the future.**

**Kurt, thanks again for wonderful service.**
